

Our Influence at Select Sires

First came **Schultz Duncan Harmony, E-90%**, then her daughter **Schultz Sooner Harmony, E-90%**, two generations of Select-sired breeding. This maternal line brought forth many great sons and daughters, including "Sooner Harmony's" son HALLMARK and grandson HEADLINE. Although these two bulls were not sampled with Select Sires their influence comes through in Select's line-up. 7JE840 BELVEDERE's maternal grandsire is HALLMARK and 7JE1221 PHAROAH is a son of HEADLINE.

We have been privileged to sample 13 bulls with Select Sires that include our prefix, Schultz, and partnerships of Fairway, L&H and H&B.

Currently being marketed: **7JE953 Fairway Mygent DALLAS-PP, JH1F**
• Homozygous polled

Below are a few our best Select-sired daughters in our herd today:
