

Making an Impact

Twenty-seven (27) bulls on the Active A.I. list include Schultz genetics within the first two generations. This includes the #1 bull LISTOWEL-P, who is out of a HEADLINE dam and JX GOT MAID {5}, the #2 bull who is sired by JX HARRIS {4}.

Looking at the Top 500 female list 61 individuals trace to Schultz breeding in the first two generations.

We are pleased to see the impact our breeding has on the breed and look forward to the next generation of genetic stars.
